

# Preparing Artwork for Large Format

Colour Format: CMYK

File format: EPS with text converted to outlines or a TIFF

Artwork must be designed and/or scanned at 150ppi at the finished size dimensions.

Please use a descriptive file name; YOURCOMPANY\_PROJECT\_FRONT.eps is a good example.

Files must be compressed with Win zip or Stuff it before sending.

Files can be uploaded through our website at [printprint.ca](http://printprint.ca)

**If you have any questions feel free to contact us.**
